

# Multifamily Energy Efficiency Solutions Contractor Training

Join Community Retrofit NYC at a free training session on solutions and technologies for common energy efficiency retrofits. This training is open to general and specialized contractors servicing small and mid-sized multifamily buildings.

## Renaissance Estates

10 Forrest Street, Brooklyn NY 11206

 Renaissance Estates is wheelchair accessible. To request other accommodation, please contact [info@communityretrofit.org](mailto:info@communityretrofit.org) or (347) 762-4792 at least 72 hours in advance

**Thursday, August 10th**  
**9 am - 1 pm**

To register, visit: [bit.ly/CRTRAINING](https://bit.ly/CRTRAINING)

\*Breakfast and lunch will be provided

Community Retrofit NYC is a free program by the City of New York to support owners of small and mid-sized multifamily buildings in Brooklyn and Queens in reducing their energy and water consumption. Our team assists building owners and managers at all steps of the process of implementing energy and water upgrades including selecting qualified contractors to perform work.

Introduction to Community Retrofit NYC - Unlocking Energy Efficiency Opportunities in Multi-family Buildings
Session 1 - Choosing the Right Pump with a focus on Residential HVAC and Plumbing. (1 PDH Credit)
Session 2 - Communicating Thermostat Applications & Connected Solutions. (1 LU Credit)
Lunch and Learn - Achieving Energy Efficiency with Heating System Controls
